

Comparison of annual maintenance for a 1-point O₂ monitoring system

PureAire's O₂ Zirconium Oxide
(No calibration required)
(No replacement sensors)

Disposable O₂ cells
(Recommended once per year)
(Quarterly calibration required)

Average Life is 10 + years

Replacement cells
@ average \$300 /year per
O₂ sensor cell*

Total \$ 0.00 per year

Total \$ 300 per yr

Five year cost \$0.00

Five year cost \$1,500

*Not effected by Temperature,
Humidity, or Barometric pressure
changes.

*Requires 1-3 month calibrations
and drifts to changes in Humidity,
barometric pressure, and temps.
